BAT Malaysia appoints Nedal Salem as new MD

KUALA LUMPUR: British American Tobacco (Malaysia) Bhd (BAT Malaysia) has appointed Nedal Salem as its new managing director (MD).

BAT Malaysia chairman Tan Sri Aseh Che Mat said the appointment was following the resignation of the current MD, Jonathan Reed, who

would take up the role of group head of combustibles with British American Tobacco PLC (the group) from Sept 1, 2021.

“On behalf of the board, we thank Jonathan for his visionary leadership and accomplishments during his tenure as MD.

“We have seen a remarkable business turnaround under his leadership and wish Jonathan the very best in his next appointment,” he said in a statement yesterday.

Nedal is currently the MD and chief executive officer of Ceylon Tobacco Company PLC. — Bernama
